

## SUSTAINABILITY

Border Grill uses organic long grain rice and black beans. We source humane certified, antibiotic, and hormone free meats and poultry. Seasonal, locally grown ingredients are used whenever possible and we do not use any products containing artificial trans-fat. We serve only sustainable seafood and are a member of the Monterey Bay Aquarium Seafood Watch Program.

We use Vero water filtration system to provide an environmentally-friendly alternative to the waste associated with the manufacture, transport, and disposal of conventional bottled water. Unless you request no water, we will pour unlimited still or sparkling water for every guest at .50 per person. A portion of the proceeds will be donated to One Drop, an international non-profit organization dedicated to providing access to safe water in more than 11 countries around the world and developing water conservation and awareness programs in Nevada.

V - vegan

GF - gluten free

GF\* - can be made gluten free

80/20 - at least 80% plant based ingredients
